

## PURINA PARENT CLUB PARTNERSHIP

### **ACCC Members and Enthusiasts! Do you feed your dogs Purina brand dog food?**

If so, read on about this valuable program that can save you money, plus earn valuable funds for Chinese Cresteds and ACCC! This program is truly a WIN-WIN program! Beyond the benefits you personally receive as a Purina Pro Plan member, your national breed club benefits, and the entire Chinese Crested breed benefits!

### **The Purina® Parent Club Program**

The American Chinese Crested Club, Inc. (ACCC) is a participant in The Purina® Parent Club Program (PPCP), which supports health research, education, and rescue efforts that benefits the Chinese Crested breed.

The PPCP Program works through Purina's loyalty program, the Purina Pro Club®. ACCC members that feed Purina brand dog food are encouraged to become members of the Purina Pro Club®, and to save weight circles from their Purina dog food bags to send in to Purina for rewards and rebate checks, good toward their future dog food purchases.

Purina Pro Club® members earn valuable points for every pound purchased of qualifying Purina® brand dog foods. When Purina Pro Club® members also participate in the PPCP Program, ACCC can earn an additional 10% of the value of all points submitted from valid weight circles credited to their Pro Club accounts. There is no cost to Purina Pro Club members for participating. When you choose to participate, Purina will donate 10 percent of the value of the Weight Circle points you submit—half to the national breed club and half to the Canine Health Foundation.

### **Canine Health Foundation Matching Funds**

Through the PPCP Program, Purina and the AKC Canine Health Foundation work together to help ACCC address priority health concerns for Chinese Cresteds. The donation from this program that goes to the AKC Canine Health Foundation is eligible to be matched up to 100 percent by the Canine Health Foundation. That means that more money can be applied toward research on health issues that are specific to Chinese Cresteds.

The goal of Purina and the AKC Canine Health Foundation is to provide funding and resources to help breed clubs accomplish more in learning the causes of health conditions that may shorten a dog's life. Ultimately, the knowledge gained from canine health studies may help our dogs live longer, healthier lives.

### **The Benefits of Pro Club Membership**

The Purina Pro Club is dedicated to supporting breeders and enthusiasts with exceptional nutrition, great savings and valuable services. If you feed Purina brand dog foods and aren't already a Pro Club member, check out the benefits! By simply saving weight circles from specified Purina brand bags of dog food, you can earn valuable points for every pound of food purchased.

### **Points Can Be Redeemed For Rewards**

Rebate Checks, Purina Logo Apparel and Merchandise, Checks for Veterinary Services, Gift Certificates for Retail, Restaurants and Travel,

Free Puppy Starter Kits to send home with new puppy owners. These kits contain a comprehensive puppy care guide, health record, Purina brand puppy food coupon, puppy food sample bags, and space for breed-specific information, photos and pedigree.

### **Other Purina Pro Club Benefits**
